

Loudoun County Fire and Rescue System Guideline

Subject: Establishment of Career Operational Services	Approved: 31 August 2004 Revised:
Chapter: Operations	FRG: 1.3
Approved: _____, Fire and Rescue Commission _____ , Dept. of Fire and Rescue Services _____ , Operational Medical Director	

Purpose: To establish baseline career operational services in the Loudoun County fire and rescue system.

Guideline:

1. The Loudoun County Fire and Rescue Commission and the Department of Fire and Rescue Services annually review operational services provided by career staffing at County fire and rescue stations. Following adoption by the Board of Supervisors through their annual budget authorization, career services are established within each station as authorized. This guideline establishes career operational services at the following fire and rescue stations based on Board of Supervisors appropriations:

- a. Purcellville Fire Company (Station 2) --- Effective June 2005
(Services shall be provided on a "first pull" basis)
 - i. ENGINE 2 - 7 days per week / 12 hours per day

2. This guideline authorizes the Department of Fire and Rescue Services, in consultation with the volunteer fire and/or rescue chiefs of any affected company and the Chairman and/or Vice Chairman of the Fire and Rescue Commission, to relocate career operational services for a period of not more than 60 days. Relocation of services beyond 60 days shall require approval of the Fire and Rescue Commission. The Board of Supervisors shall endorse the relocation of fire and rescue services for more than one year.

3. Additional career operational services established in fire and rescue stations using existing staffing require the approval of the Fire and Rescue Commission.
